Back by popular demand after his previous 5-star ChatGPT presentation for First Legal, Ross Fishman will discuss how AI's remarkable insight and predictive abilities will revolutionize legal practice, offering insights that even the most seasoned professionals might overlook.

This program is based on exclusive insights from IBM Watson's former Global CMO, and will provide you with the knowledge and strategies needed to thrive in this brave new world. We'll connect these innovations to the ABA's Rules of Professional Responsibility, ensuring you gain crucial insight into how to use these powerful tools professionally and ethically.
